Why choose **A&G Travel Group?**

With an average of 15 years' industry experience per account manager, at A&G Travel Group we understand that businesses need a travel company which provides solutions to the problems facing travel bookers.

PERSONAL ACCOUNT MANAGER

We assign dedicated account managers (all with a minimum of 15 years' industry experience) to attend to your every need, providing a personable and comprehensive service from initial enquiry to trip completion. Our out of hours emergency service will assist when your account manager is not on hand personally.

NO CONTRACTS AND COMPETITIVE FEES

With full confidence in our product, prices and service levels, we do not tie our clients into contracts. Our fee structure is competitive and transparent (e.g. £20 for long-haul flights, no fee on hotels/car hire)

EFFICIENT, METICULOUS SERVICE

Within office hours we promise an instant response and a quote within 2 hours. We recognise the need for meticulous attention to detail from the outset, to prevent loss of time, money and resources.

EXCLUSIVE BOOKING SERVICE FOR LEISURE TRAVEL

Our dedicated leisure travel team are on hand to assist with personal travel for our corporate clients. By virtue of our special rates for both flights and accommodation we have eliminated the need for you to use a separate leisure travel provider.

PREMIUM, BUSINESS AND FIRST CLASS EXPERTISE

With the specifications of premium cabins varying so dramatically, identifying the most suitable option for the best price can prove challenging. We are confident that we will beat competitors' premium cabin prices, giving your company the edge in securing discounted fares, without compromising on traveller comfort.

MIDWEEK LONG-HAUL TRAVEL

Why choose between paying extortionate rates to travel midweek and sacrificing priceless personal weekend time to get lower fares? Our discounted corporate fares enable our clients to travel long-haul during the week at heavily reduced rates.

We'll take care of everything

INDUSTRY-LEADING HOTEL AND CAR HIRE RATE

Through our partnerships we have connections in over 70 countries, giving us access to the best local rates on hotels, car rental and ancillary services. This enables our clients to book all their travel requirements in one place. We can advise on the best fixed, and flexible hotel rates.

UPGRADES

Our industry contacts often enable us to upgrade our clients' flights and hotels at reduced rates. Upgrades can be actioned both at the booking stage or retrospectively. We are able to notify clients of any specials applicable to their booking as and when they are released.

HOTEL PAYMENT OPTIONS

Our negotiated pre-pay hotel rates provide advance purchase savings, with both fixed and flexible options. Alternatively, pre-book our pay in location rates to benefit from rewards programmes, late check out priority and full flexibility.

FLEXIBILITY

Our extensive range of semi and fully flexible fares provide huge savings compared with booking online. We will recommend the most suitable fare for any trip, depending on your flexibility and preferences, helping avoid extra costs due to changes and cancellations.

MIXED CABIN FARES

Our specially negotiated mixed cabin fares enable our clients to make huge savings by partially upgrading journeys. These fares are particularly popular with clients travelling to the U.S. or Asia. For example, travel out in premium economy and back overnight in business class, maximising comfort whilst minimising cost.

24/7 EMERGENCY ASSISTANCE

Our emergency assistance team are on hand to help out with any issues that you may experience outside our office opening hours. They are at your disposal, even whilst we sleep, so you can be confident of receiving assistance, regardless of your time zone. Whether you need to make a last minute booking or make changes to your itinerary they are there to help.

FLEXIBLE AND TRANSPARENT AIRFARES

We have contracted an extensive range of industry-leading fares with all major airlines. As well as the most competitive fixed fares we can advise you on suitable semi-flexible and fully flexible options for your travel, saving your company time, stress and money.
